

Will the broadcast flag interfere with consumers ability to make copies of DTV content for their personal use, either on personal video recorders or removable media?

Stop taking away our freedoms and then returning the favor with more "licenses!"

Would the digital flag interfere with consumers ability to send DTV content across networks, such as home digital networks connecting digital set top boxes, digital recorders, digital servers and digital display devices?

Stop taking away our freedoms and then returning the favor with more "licenses!"

Would the broadcast flag requirement limit consumers ability to use their existing electronic equipment (equipment not built to look for the flag) or make it difficult to use older components with new equipment that is compliant with the broadcast flag standard?

Stop taking away our freedoms and then returning the favor with more "licenses!"

Would a broadcast flag requirement limit the development of future equipment providing consumers with new options?

Stop taking away our freedoms and then returning the favor with more "licenses!"

What will be the cost impact, if any, that a broadcast flag requirement would have on consumer electronics equipment?

Stop taking away our freedoms and then returning the favor with more "licenses!"

Other Comments:

Enough is enough, when does the greed end? Stop taking away our freedoms and then returning the favor with more "licenses!" True democratic Americans will not stand down any longer. Do your job, represent all of us!
